

GRIZZLY™

EQUIPMENT

332 000 HYDRAULIC WORKHORSE

This machine is equipped with a hydraulic dump tray which allows a greater load capacity since the operator does not need to raise the tray physically. The operator controls forward and reverse using only one progressive control lever allowing smooth departures and stops with precision. The brake is locked and unlocked automatically. The dump control lever is also smooth and precise.

The 332 000 workhorse is sold with the 332 700 hydraulic dump tray.
All other options are sold separately.

Hydraulic dump tray with cylinder and quick couplings.
9HP Honda engine
Forward and reverse ability
Automatic brake lock

Available options:

- 330 500 Gravel spreader
- 332 200 Stand on buggy
- 330 100 Channel for hot tank
- 144 101 Tank rods
